

Kentucky

May 8th – 15th

Motto: "United we stand, divided we fall" and "Let us be grateful to God"

Prophecies over Kentucky: The Unbridled Holy Spirit. The Trumpet is Sounded, it's Time to Run with the Horses. Barbara Yoder: "Abraham Lincoln was born in Kentucky, and therefore you have a First Fruits Anointing for Emancipation Proclamation" You were divided over the issue, but there will be an opportunity to redeem the division of past times. Kentucky will set the course for the nation over this. "Kentucky is needed for the war over this nation. There will be a warring spirit that will arise from this state that will literally speak to the entire nation. A supernatural confession will arise from the government leaders' attempt to change the righteous laws. The outcry and resistance from Kentucky will be seen throughout the nation, and will cause a remnant from every state to rise up in agreement with Kentucky." "God is restoring the prophetic breath in Kentucky, and then Kentucky will restore the breath of the nation. A spirit of Deliverance and shall break out that will cause freedom to manifest in the nation. A Mantle of Deliverance!

Chuck Pierce: "God is about to do a new thing that unlocks the future for Kentucky. This will be a region known for dismantling of ancient thrones that have been erected. The governmental anointing in this state will be carried into Washington, D.C. The seer anointing is being loosed over Kentucky along with great revelation." Chuck went on to declare that the Kentucky Derby sound of the horses would release a movement of War in the earth as never before. It would bring a supernatural release to bring new strength. It would bring a supernatural release to bring new strength. This word was given in April 2004, but I sense that it is also a word for now. The Kentucky Derby is scheduled in 2022 for next Saturday, May 7th.

Dutch Sheets' Prophetic words over Kentucky

"The Lord woke Dutch at 3:33 AM and directed him to Ezekiel 33:3 the Watchmen's charge. To bring a new level of spirit of wisdom and revelation released to bring a higher level of the prophetic. Kentucky will be known as the "hearing state" and there will be a spirit of discernment to release a very strong deliverance anointing. A mantle of worship and a mantle of war shall rest on Kentucky that will create a new Great Awakening. Jeremiah 33:3 says that you will experience things you've never seen or heard, to take back what has been stolen. Dutch then began to release the sound of war, the sound of waters, the sound of wind, the sound of thunder, and the sound of Heaven.

March 14, 2019 Decree the Preamble of the State of Kentucky: “We, the people of the Commonwealth of Kentucky, grateful (Cordia McLaurin, Kentucky) You are a fine thoroughbred, Kentucky, a warhorse, who has become a war machine. The state in the Righteous Race, Kentucky, you are running to win for the nation. So, we say, “Run, Kentucky, run! Run the race marked out for you! Victory over the Amalekite spirit is at hand in the land for Kentucky and for the nation! The world is about to experience its greatest revival ever, and one of the reasons for its strength will be the efforts of those in yesteryears. The generational God of Abraham, Isaac, and Jacob - the God of The First Great Awakening, the Second Great Awakening, and Azusa Street - is about to do it again.

“On January 14, 2020, I dreamed I was at the Red River Meeting House in Russellville, Kentucky. I had gone through the gate and started walking up the driveway toward the Meeting House, when I noticed 100 bald eagles on the grounds. I was captivated by the sight of so many eagles. “Hearing a noise behind me, I turned and saw an older well-drilling rig coming through the gate toward the Meeting House. It stopped about halfway up the driveway and parked under the walnut trees; it then began drilling. No sooner had the bit been set when, whoosh, the water gushed out in very high, massive amounts! “I thought, ‘This looks like Old Faithful.’ I have seen Old Faithful, and this reminded me of that famous geyser, only it was MUCH larger!

“In the dream, I thought about how Old Faithful is very predictable and it erupts in a rhythm of time. Then I heard an audible voice speaking about this geyser ‘It is set to the rhythm of Heaven’s time clock. And it’s time!’ (In the dream I understood that to mean, ‘It’s blown before, a gushing move of the Spirit of God, but it’s set for another, greater gusher! And it’s time!’) “Next, I saw two hands come down and clap one time. It was a very loud sound which was a signal to the eagles. They weren’t scared by the noise of the clap or by the spraying of the water; they calmly rose up, hovering like a helicopter, ready to fly.

“As they rose, I saw that each eagle had arrows in one of their talons and a rolled-up paper in the other. Then I heard the same audible voice say, ‘Rapid eye movement: My seers are on the move.’ “As soon as I heard those words, the eagles flew off in every direction, each heading purposefully toward their assignment. As they left, each one flew through the supernatural water, becoming drenched. Incredibly, their feathers never dried as they flew. Wherever they traveled, the water would fall off of them - like a rain shower - onto the dry ground where they flew.

“Back at the Red River Meeting House, the water continued gushing and I also became soaked with it. I went into the Meeting House, which I realized had been set up to be a command center. There were seven drafting tables with ‘architects’ sitting at them, drawing up blueprints, plans, strategies, and revelations. People were coming in, one after the other, soaked with the water from the geyser. They would approach one of the architects, who would roll up a set of plans and hand it to them.

“Immediately, the architects had another one drawn up and would hand it off to the next soaked person walking in. I was amazed at the speed with which the architects worked: draw it, roll it up, hand it off; draw it, roll it up, hand it off! This sequence didn’t stop. “When the people received their blueprints, they were supernaturally transported to their assignments in America and around the world. And just as occurred with the eagles, the revival water soaking them was being flung onto people everywhere they went. I heard the audible voice again saying, ‘Rapid Response Teams.’ Then I noticed a sign on the wall behind the pulpit that read, ‘Rapid Response Command Center.’

“Suddenly, the dream shifted, and I knew by the Spirit that what was happening at the Red River Meeting House was also taking place at Cane Ridge, Kentucky, and Azusa Street in California! I was then lifted up and could see a line running north and south, connecting Cane Ridge and the Red River Meeting House. Another line from each of them went west to Azusa. I could see that these lines formed the shape of a spearhead. From the line drawn

between Cane Ridge and the Red River Meeting House was yet another, coming from the nation of Wales to the east. It was forming the shaft of the spear.

“This picture was depicting that all four of those places—Wales, Cane Ridge, Red River Meeting House, and Azusa—were connected; and also, what I saw happening at Red River was simultaneously happening at all of them. I was being shown that all of those past moves of God were now being brought together to ‘spearhead’ another greater and more powerful move of God in our time.” End of the dream.

God is about to synergistically mix past revivals with a fresh outpouring of the Holy Spirit. The four outpourings mentioned in the dream were tremendous demonstrations of His love and power. Red River Meeting House led to Cane Ridge, which birthed the Second Great Awakening and saved America in the mid 1800’s. The Welsh and Azusa Street Revivals rocked nations and influenced the world to this day. Those wells are about to reopen and spread across this nation and the nations. Let’s pray for this.

Prayer Focus: Declare and Decree that the four previous outpourings will be reopened to birth the “Third Great Awakening.” Kentucky is made up of 120 counties, is an “Upper Room” state: Pray for this governmental anointing to be carried into D.C.

Kentucky has systemic poverty, an unhealthy population, and low levels of educational attainment. Over the last 10 years, public spending for higher education has fallen due to the competing and rising costs of pensions, Medicaid, the opioid epidemic, and incarceration.

That Kentucky fulfilled its calling to birth revival and impact nations. Kentucky is a coal-mining state that’s been severely impacted due to Biden’s Green New Deal.

Senate and Congressional races are on the ballot in the Kentucky primary election scheduled for May 17, 2022. Rand Paul is up for re-election, and Mitch McConnell is the Republican Minority Senate leader who has not always supported President Trump.

His wife Elaine Chao’s father owns a shipping company that has extensive ties to the Chinese State and Chinese elites. Chao and her husband Mitch McConnell have received between \$5-\$25M in gifts from her father. Also, her father and sister are on several boards of Chinese-Owned companies including the Bank of China, China Council for Promotion of International Trade, and a steel producer. This has influenced his voting records over China.

Brief History of Kentucky

State Capital - Frankfort

The name Kentucky comes from a Wyandot Indian word that means “Land of Tomorrow.” It became a very contested land between the French and British traders, which led to the French and Indian War (1754-63)

When the Paris Treaty was signed in 1763, it opened the door to colonial expansion.

Daniel Boone, who was Kentucky’s most famous explorer first arrived in the spring of 1769.

One significant impact was the religious growth and influence. Lay ministers were some of the earliest settlers and became a “magnet for missionaries.” This move of God led to the “Cane River Awakening” in 1801, where there were crowds of 20,000 in this rural county. Between 1801 and 1840, this revival swept the entire South and became known as the “Second Great Awakening.”

During the Civil War, the state was much divided. Both President Lincoln and the President of the Confederacy, Jefferson Davis, were born in Kentucky. After the Civil War, there was a lot of violence directed towards blacks, so they passed laws to protect their civil rights.

Table firsts and distinctions for Kentucky: The Kentucky Derby is the oldest continuously held horse race in the country. It is held at Churchill Downs in Louisville.

More than 100 native Kentuckians have been elected governors of other states.

The world's largest free-swinging bell known as the World Peace Bell is on display in Newport.

More than \$6 billion worth of gold is held in the underground vaults of Fort Knox. This is the largest amount of gold stored anywhere in the world.
