

Louisiana

May 15th – 22nd

Louisiana Preamble: "Union, Justice, and Confidence."

Prophesies over Louisiana: The Governmental Mantle State.

Chuck Pierce: "I am beginning to lift the veil dwelling on the state. As it begins to lift, look for spring rain. Spring is coming to this state, and you can expect much rain. I will start the cleansing process in this state not seen in many years. I am coming now in your midst. I will cleanse the government. All the nation will see the cleansing on this state. The rain will bring forth a crop of conversions. The death veil will lift. Faith has arisen in My People, and the veil has begun to tear. My servants are to begin to see in a way they have not seen before. It's a new, different day and the Lord is ready for you to see the host of heaven operating in your midst. See the reproach on the government of this state lift and change and take a different course. The Lord says, you have allowed me to bring a knife to this state, and I will perform circumcision. I am cutting away what has been held in place and what has influenced and caused you to miss prosperity. I will cut away, and I will establish a new and fresh leadership. Rise new and fresh and the nation will be affected by this course.

"The root means how were you established. Now this is why Louisiana is so important because you're very unique and your government still carries a uniqueness about it that no other state carries. Therefore, you have a root in this nation that no other state has and that root affects this entire people. You do not have the same government that is governing this overall nation. You'd better hear this. Because you know what that does? If you can ever unravel this, you could change a whole nation, because you could get right and then say, well, we never were even connected with that thing up there.

Now we're going to decree, and this is going to change...The root is used in determining one's stability. So, if your root is not right -- take New Orleans and its history of its development. If the root's not right, all the fruit's going to be wrong. See? And I'm going to tell you, people, you just can't pray for a place and say, oh, Lord, make this okay. It doesn't work that way. Because if the root's not right, then the

iniquity from that root then has gone down five layers, and it's connected all the way into hell, and "it's connected all the way through the second heaven." (These words came forth in 2003 and 2007)

Chuck took authority over the scattering power of the Abaddon spirit (angel of bottomless pit) that has ruled in South Louisiana a hundred miles out into the Gulf. Declared it would not have power to control the resources of this land any longer. Set a Bloodline and decreed that no power could infiltrate through the Bloodline of the Lord Jesus Christ that was being set in the heavens through the worship.

Declared that worship was removing the band that is linked with bloodless religions that have held this region captive. Prayed for the removal of the band that is linked with secret societies that hold the Blood from having its work in this region.

Joy is coming to this state that has seen the most destruction over the last five years. Where much pain occurs, much joy comes. Even though we have had two great defeats, that is not going to stop what God is ready to do in this region.

Here in Louisiana, there is a religious force as well as a force of mammon linked with corruption that is very strong.

And so, what you have seen for 100 days is nothing but the very bowels of the earth giving up and coming up off shore of this land. That tells us there is darkness that would love to invade our land in the next 10 years. It also tells us that Louisiana, Mississippi, Alabama, Florida, and Texas are keys over how darkness has right to come into this land.

Dutch Sheets words over Louisiana: The Church in Louisiana will be a Giant Killer. There will be a Gilgal- "rolling" away of the reproach, Shiloh- bringing "wholeness to the state, Shechem – "shoulder" government, Hebron a city of the greatest giant, and a place from which the giant-slaying spirit can come! And Jerusalem a city of wholeness.

Louisiana will come to life and a desire for righteousness will flood the state. A river of righteousness will run to the government. We decreed a cleansing off the hate group issues across the state. The curse of Horace is linked to Freemasonry.

We asked the Lord to blind the evil eye linked with this curse and the corruption of gambling so it would not overtake Louisiana completely.

Righteousness will be conceived again in the state of Louisiana.

Glory of Zion Prophecies over Louisiana: I loose right now, a new fresh ear to hear what God is saying, to hear the spirit of God. We release that now the name of Jesus and I claim the wealth you've deposited in the Bayou, out of Louisiana, out of the people, what's untapped out of the people in Louisiana, Father. we say that they will hear you in a new way, Father. We say, wake up! We say, wake up, wake up, wake up, and we call for the angels along the Bayou! There are even angels alive, there are demons on the Bayou and there are angels on the Bayou. And so we say, "wake up" to those angels along the Bayou in the name of Yeshua. In Louisiana, there is an overturning of the supernatural. Louisiana knows the supernatural. They know the voodoo, they know the witchcraft, but it's gonna

become the Place of Miracles! The place of signs and wonders! Lift up a shout, say "Louisiana, turn it around!" Louisiana, turn it around!

The TMM Earthquake Faultline Strike Team went to Louisiana May 15th. When we entered Louisiana, the Lord instructed us to dance, worship and take dominion. From there we went to Baton Rouge which was on our Faultline Map that had been highlighted by the prophets. There we had more freedom than some of our previous stops. From Baton Rouge we went to New Orleans where we expected the greatest strongholds and heaviness. The morning of May 16th we went to the Council Room of God and got divine insight and direction for the day. The Lord revealed that the Jews had been driven out of New Orleans in 1685 while being a French territory, it called for the expulsion of all Jews residing in the colonial territories due to their being "sworn enemies of the Christian faith" It also established the policing of slavery right up to 1789. The very first article expels all Jews from the colonies; Jews weren't allowed to own property or slaves in the French colonies. The edict also insisted that all slaves be instructed as Catholics and not as Protestants. For the most part, the code concentrated on defining the condition of slavery (passing the condition through the mother not the father) and establishing harsh controls over the conduct of those enslaved. Slaves had virtually no rights, though the code did enjoin masters to take care of the sick and old.

As a result of these revelations, we went to the Code Noir landmark, went to the Joan of Arc Statue which signified the Freedom of New Orleans and of women. It was prophetic that the Strike Team was comprised of 4 women. Then we prayed at the Port and worshiped. We used our Staffs we'd gotten on the 1st day of our mission as well as the Keys we'd gotten and our Signet Rings to take Dominion. It was incredibly powerful and anointed.

Chuck Pierce – New Orleans will become a city of revival. And the sound that comes out of New Orleans is going to jar our nation.

Prayer Focus:

1. Their perverse Celebration of Death in New Orleans would be decimated. That Deadness that has entered the Church would break.
2. The Holy Spirit to detach the spirit of infirmity from the trauma of the people.
3. The government would shift completely, and immediate change would come to civil government to break the corruption in this state.
4. Blocked doors would open, new influence would arise, and a new release of supply would come into the path of God's people. We shut the door to revelry, and open the door to glory.
5. Eyes will be opened to see new supply, there will be an opening of supply and release, and a transference of wealth into the Kingdom of God. The spirit of poverty would be broken.

A voice of wisdom would arise and the rearguard of God would be established, and Louisiana would be propelled forward into what God has for her.

Brief History of Louisiana

State Capital is Baton Rouge

Louisiana was named in honor of King Louis XIV. Louisiana has had 7 governmental changes from the Spanish to the French, being purchased by America, one half into the Union and the other the Confederacy, Statehood, Secession during the Civil War, becoming a state once again after the war. During the Reconstruction Period, the anti-Semitic organization of the Ku Klux Klan rose up in Louisiana.

In 1932 Former Governor and then Senator Huey P. Long pronounced that only one building compares with [the Capitol] in architecture. That's St. Peter's Cathedral in Rome, Italy." Louisiana has the tallest state capitol building in the United States; the building is 450 feet tall with 34 floors

Today, Louisiana is a true "melting pot" of cultures: French, African, French-Canadian, Native Americans, and modern American. It's known as the birthplace of Jazz and 1st Opera performance in America in 1796. It is also known for the Mardi Gras celebration.
