Prophetic Declaration: The Threshing Floor State

Chuck Pierce and Dutch Sheets Prophecies over Minnesota

Chuck Pierce prophesied, "I say there is a movement going on in the heavens now and because you are willing to be My threshing floor, you will affect the harvest of the land, saith the Lord. And I would say to you there will be wisdom that rests upon this state. A supernatural wisdom, saith the Lord.

I will release from this state a message that will travel down the headwaters of these waters that dwell in this state, down through this land, saith the Lord, and this message will cause a decision to be made one way or the other in this land.

No more will opinions be between this and between that, for I will release a speech in Minnesota that will come that will change the course of this land, saith the Lord. I say to you I will bring direction to this nation that will set its course for forty years from this state.

The greatest body of water that really flows in this nation is the Mississippi. And it begins here. Now, just picture that and you'll get the picture of heaven. God started the river here that flows down through our land; therefore, He wants to start the blessing and the cleansing here to flow out across this land so that we receive all that He has for us. "

Dutch Sheets prophesied, "Lord, we say that there will come a speech out of Minnesota that will determine the destiny and future of America. It will come with such clarity. It will draw lines so clearly. It will even have an anointing, Lord. Though it may not come forth in a church, Lord, that does not mean that it will not be anointing by Your Holy Spirit.

We say that there is someone who is going to be given the word of the Lord whether they call it that or not. Whether they cloak it in religious terms or not doesn't matter. It will be the word of the Lord. And it will be anointed by Your Holy Spirit.

We pray, Lord, from the Governor on down for the legislature, for the congress of this state.

We pray, Lord, for the advisers and cabinet, Lord. Pray for every person in government in the state of Minnesota. We ask You, Lord, to raise up strategic voices and give them great wisdom. Lord, raise up statesmen right here. Let them have the mantle of Lincoln, Lord, of the past, and those, Lord, that made declarative speeches that rattled the nation. Let that come forth from Minnesota, I pray.

We call forth the word of the Lord. We call forth the word of the Lord. We call forth the word of the Lord even through government offices. In Jesus' name.

And you will be a Gideon's army and though you may not be the biggest and though you be small, you are going to strong. And you are going to lead the way into breakthrough and victory and the breaking of oppression, because that mantle is on you, says the Lord. How about that Gideon's anointing; will you take that?

And, Father, here in Minnesota, we declare the river will begin in a new way and be cleansed and all of this land, all the way from Minnesota to New Orleans, Lord, there will be a moving of God's Spirit. First to the East, and then to the West.

Father, we say restore the purity of the water of the river of this land from Minnesota, in Jesus' name."

Prayer Declarations:

1. Do a work in this state, Lord, to transform poverty. Move into the inner city. Lord, do something extraordinary in the inner cities in Minnesota. We declare, You are coming to the poor, the hurting, and those without. Those that have been cast into the street, the fatherless, and the poor, Come, Lord Jesus. Teach, transform, and train them. Give them a place of their own.
2. We pray for the governmental offices in Minnesota to turn to the Lord God Almighty. Let honesty and righteousness prevail.
3. We thank you for Mike Lindel and his heart for the lost. He has been a mighty warrior to truth and electoral integrity. His Frank Speech platform has given a voice for Truth.
4. Heal the racial and anti-semitism roots in Minnesota.
5. Raise up godly, righteous leaders in every mountain in Minnesota.

6. We remember George Floyd and the BLM movement that prompted to defund the police that has wreaked havoc throughout America.
