WEAVER WORLD NEWS REPORTS

SOLUTIONS FOR ISRAEL

Pray for Israel!

As we have a government that is not supporting the nation of Israel we, as Believers are commanded, too. Let us continue to serve them with our prayers, giving, and our love for the country.

Rev. Weaver Ministering in the Garden of Gethsemane.

Preaching Hope in the Garden

Jesus went to the Garden, to pray in Jerusalem. Gethsemane means oil press. It was the place where Judas betrayed Jesus. In every betrayal, if surrender and forgiveness is released, a promotion comes. Jesus was promoted to save all humanity. What test of betrayal are you being advanced to?

TMM Praying at Mt of Olives.

Exploring Opportunities to Serve His Beloved.

A Special Report by Rev. Carol Jontry.

About ten years ago, I was given a prophecy by the Pentecost couple at Billie Landers Church in Springfield. The Lord said I could ask to go to any Nation, and He would send me. After that, I went where He sent me. I had already been to Israel with a team led by James Nesbit. I also visited Brazil, The Amazon, in 2000. So, I chose for my trip to go with a group of 40 people, led by Rosemary Shindlar and Sue and Fred Rowe. Our assignment was to pray over the altar of the seven Churches in Revelation. Then, go to Israel for the Feasts of the Tabernacles—an excellent group of people and an extraordinary mission. In 2023, at noon on a Wed, The Lord spoke through Cheryl Weaver and said, “He was calling me to Israel,” with the TMM Travel Team. He had a specific call on my life, and I was to fulfill several things He showed me on previous trips to Israel. First, I saw a number 2 pencil with a huge eraser to erase the wrong borders. I saw this near Haifa in the Mediterranean Sea on this trip and prayed at the Lebanon border. On this trip, I could return to the Lebanon border, and we “Took Dominion” and cleansed and restored the Land, the People, the underground, and the Atmosphere after praise, worship, and repentance. My favorite place to pray was Mt Hermon. It is a military base at the Syrian border. It had been closed to visitors for over a week and was due to open the day, we went. We had a unique guide, we

called “Gen. Patton” (Not his real name). He was a decorated soldier with much information and stories regarding Agricultural, historical, and military issues. This land was very lush. Sixty-seven dead volcanos were great soil for grapes. We were blessed to have him make way for us. Our regular guide, Drora, was sick, and she called him to help us. Mt Hermon is the highest Mt. in Israel. Having the time and opportunity to pray at this particular place was fantastic. Travel and Home Teams prayers are still circling the Earth. We also saw UN. Hummers watching us, and we watched them. What, a place to worship and praise from. The ski lift was broken; I was thankful for that! As we continued back to the hotel, we saw the General also pointed out Nimrod's Castle on the top of another mountain as we passed by.

Cheryl would tell us daily how blessed we were with all the prayer covering. I fell one day and didn't get hurt; No bruises. Beth said, “She felt I had an Angel hold my head up so as not to hit a rock.” There were also tricky places we had to go under and over. We would pray in particular locations and do what the Lord wanted us to do. Thank you for your prayers. We, indeed, are ONE BODY.

WHAT FIRST-TIME STRATEGIC INTERCESSORS NEED TO KNOW!

Why 4 Borders, Corners, and Ports?

Two Nations, Two Covenants, And the day will
come when I will cause the *ancient glory of Israel to revive. Ezk. 29:21*

When TMM was founded, the Lord told me (Cheryl) that we were to pray over the ports. It's since become a mandate. Through Genealogy, I discovered that I have ancestors who were part of the British Navy; his father was the royal treasurer of the navy for the Queen, and the son was the 7th person to sail the world's seas.

This past year at Prayer Mountain, the Lord told me we would be going to Israel in 2023. As we prepared for Israel, we knew we had to pray over the borders and the ports. In addition, we received several confirmations that God wanted us to bring what we received from Israel back to the U.S. and pray over our nation's borders. Both countries are in a volatile, disenfranchised state of pre-civil war-like conditions. Taking Dominion at the boundaries of Lebanon, Syria, Egypt, Saudi Arabia, and Jordan came with angelic enforcements! At each border, we gained momentum and could feel the power of the prayers from the home team and intercessors. Caesarea's demonic forces came head to head, and Cheryl and God took them out. While visiting the city of Akko, rage, witchcraft, and a stalker were all overcome on the beach with repentance. Beth saw Jesus on the Mediterranean Sea, watching us as we visited Haifa.

After finishing Taking Dominion, she saw Jesus dancing on the water. Another battle ensued when we arrived in Jaffa to the loud Muslim call to prayer blasting out over the night sky along the sidewalks. We began releasing a loud sound, a laugh, singing, and repentance. We blew the whistles and shofar upon completion, and then church bells rang eight times for new beginnings.

We were in Israel, April 25-May 9th. We had ten women, three new to the travel team, 15 days of travel, six hotel changes, shared beds, and moving 30 suitcases dozens of times. Up early, asleep late, planes, buses, hours of walking, driving, airport security issues, hotel issues, lost luggage, delays,

**"BEING ON A
HIGH LEVEL
STRIKE-FORCE
MEANS YOU
MUST "DQ"**

sicknesses. We had no drama; all relationships were strong amid all the fleshly obstacles. MIRACULOUS! Everyone had servant's hearts, and one teammate shared a quick code "DQ." Die Quickly. We adopted this on day one! We sowed Ezk. 29:21 NLB in every location. *We loved, we served, we sowed, we prayed, we laughed, we worshipped, we prophesied, we interceded, we declared, we danced, we saw, and we were obedient! ###*

Carol Jontry's story continued...

When we first got to Jerusalem, seven of the team went on a walk under the streets of Jerusalem. They found the Melchizedek altar. They danced, sang, prayed, worshipped, and "Took Dominion" at the oldest Christian altar in the world. Ruth, Diane, and I returned to the bus and prayed over the altar from there. We compared notes, and God spoke the same to both groups. What was hidden was revealed at the beginning: a blessing to ALL of us.

Then, at the end of our trip to the Port of Akko, the Crusaders built underground halls and tunnels that Muslims later took over. We decided to "Take Dominion" at the port and go to Joppa to finish our assignments. The joining of our prayers continued to bring peace and revelation. I also remember that our nightly prayers, praise, and worship brought peace and revelation as we joined each night to go over what we did that day and what was planned for the next day. The **home team** held us accountable.

It was personal for me in Maine because my husband was stationed with our family for 3 and 1/2 years in Cutler; Maine was a blessing to us. All four locations were a blessing to the team. The Lord released to us a "Brand New Covenant, a NEW Wine" for this season. Please continue to pray for ALL the planted Seeds; someday in Heaven, we can read the books God wrote about these days. ###

Intercessory prayer is not for the faint at heart. Grabbing the altar's horns takes grit and wrestling till the blessing shakes out! None of the Five-Fold giftings, churches, or ministry visions are genuinely effective unless a team of intercessors is paving the way.

- 1) Scripture says our prayers are hindered if we don't obey. Create in me a clean heart. Be quick to repent and forgive.
- 2) Open with praise, He inhabits the praises of His people.
- 3) Learn how to listen well, not just hear. Intercession is listening to the Father and a person's heart, not just hearing or presenting a need. It's discerning the situation and declaring a victorious response.
- 4) Pray the WORD of God. There are over 7000 promises in the Word and a few deal with our enemies. Smile.
- 5) Leave the demons out of it. The Gospel is about repentance. Many Bible prophets stood in the gap & repented for individuals, cities, and nations. Don't stir up demons. Repent for the reason there is sin there in the first place.
- 6) Be trustworthy & confidential.
- 7) Don't be a lone wolf. Build relationships with other intercessors. Find a prayer partner. A Three-stranded cord is not easily broken.
- 8) Learn to

LOVE WELL
unconditionally,
above any
mission or
assignment. ###

Rev. Cheryl Weaver

From Maine to Miami

Grand Isle, Maine—First Corner

A quaint town north of nowhere located on the picturesque St Croix River where the Canadian/US border falls right down the middle.

As 9 of us gathered there in the cold chill of the windy day we each prayed over the border, river and the land taking dominion and planting a penny, oil and communion dedicating the northeast corner of the United States of America to Jesus Christ!

Flagpole at Freedom Park

A recent sign and wonder popped up soon after. In a tribute to veterans a family (Worcester) builds the worlds tallest flag pole (taller than the empire state building) at the eastern most part of where the sun (SON) rises first in America!!!

ROOKIES RICK Karen, Diane, & Becky

Can I say, "Well Done," Rookies! These three ladies have never traveled with our TMM Strike Force team; they did terrific! Karen served as Scribe, Becky as Reporter, and Diane as Project Manager. These ladies served everyone with all their hearts and provided much-needed information to the home team for daily reports. They jumped into the deep water and kept up spiritually, mentally, and physically with the rest of us. Are you ready for the next one yet?

###

MIAMI Keys—the 2nd Corner

The Lord had given several covenant partners dreams about Lighthouses, which we prayed and visited Monday the 15th. Like Maine, I kept digging for old things, history, agreements, etc. What I found shocked me as a lover of history. I learned a treaty/agreement signed with Spain in 1821 gave America the remaining south Florida area and Oregon, including Oregon, and Washington state, up to the Canadian Rockies. The West Coast was given by this agreement, and none of us knew. It was another sign of the Lord connecting the *four corners* in ways we never knew existed.

Once we got to the Key Biscayne Lighthouse, Carol opened heavens books, and we found Emancipation was vital. The Native Americans had been driven from their land, enslaved Black people ultimately fled to The Bahamas, and the grief over Broken Covenants, Innocent Bloodshed, and theft of land was grievous. So the 1st *two corners* were focused on Emancipation, for which Cheryl has a breaker anointing and mantle from Abraham Lincoln. We will likely see much of the same south of San Diego and north of Seattle.

PROPHETIC Purpose

From Rev. Cheryl Weaver

Last fall, the Lord Spoke to me to take a team to Israel. At the beginning of 2023, I understood that we were to Take Dominion over Israel's borders and loose the covenantal blessings of the 12 tribes over the land. We discovered that we were arriving on Israel's 75th birthday! At the same time, other ministries, Ed Watts, Robin Bullock, Perry Stone, and others, flooded into Israel, decreeing prayers over the land. God also spoke to take the anointing from Israel back to the USA and cover America's four borders, praying for Original Intent and restoration of the Covenant Birthright for both lands. We discovered God has His mission! Restoring the Birthright of a nation is like that of the redeemed person. Birthright is forfeited by sin (Gen 25:27-34, 35:22, 1 Chr 5:1, Story of Esau & Rueben). When we forfeit our proper stewardship of God's covenants, ungodly actors/spirits govern that space. We are the Ecclesia God's government on the earth! We are the stewards. If we are not governing the territories, the enemy will move in. We see evidence of that today. We knew before we started God was birthing a new baby. We started in Maine at the Canadian border, which we discovered is known as the "Womb of the Morning" for the US." The East gate with Ps. 24 Open the gates for the King of Glory. Miami means "breaking waters" and is the first city to have a female mayor in the US. You have a womb, and the waters are breaking as we pray through the nation. Then, on to Washington and Peace Arch on the border and the city of Blane. Blane means "In God's Strength." God was washing America a ton. It was the 42nd state added to the US, and Bill Clinton was the 42nd President, and we were washing America off in our prayers from his regime - forward. When a baby is born, it is washed off. We proceeded to San Diego, California, the border of Mexico. San Diego was California's birthplace and is known as the Mother of Missions!! I am not kidding you. California is the crossing-over state, and that is an Old Testament word for "impregnating." Crossing over into the new!! Josh 3:5, It's your turn to cross over the next generation to new life. God is bringing new life to the barren womb of America in this generation. Pray with us that God's people will awaken, arise, and take their Birthright of stewardship over this land!

Upcoming Events

Four Borders, Corners and Ports Tour—Summer of '23

At the end of July, TMM finished the Four Corners Tour on the West Coast. The last locations, being Seattle to San Diego. Reclaiming the Birthright of America, declaring that America will return to its original design intended by our founding fathers. America shall be saved!!

GIANT THANK YOU goes to the Home team and Intercessors for paving the way for these summer trips spiritually, financially, emotionally, and physically easier! It was long, challenging but interactively we had such ease in the midst of obstacles. That is because of your prayers! **Thank you Gloria, Emily and Wayne** for making that happen!!

TMM Day of Vision Annual Conference XI. November 2-5th, 2023 at HQ Headquarters, Champaign, IL

In this season of loud voices, let us reach closer, dig deeper, absorb His "Presence" and remind ourselves to "Breathe His Breath". There is a stillness that He desires to release that will steer you out of evil's grip this year. Come and drink all who are thirsty. Isaiah 55.

Multiplied and Blessed 20-Year-Old Word

Who is Asher and Betty Intrater? They are leaders of a Messianic Jewish Ministry that builds relationships between Arabs, Jews, and Christians: *Tikkun Global Ministries* based in Jerusalem. Several TMM Covenant Partners support this ministry, and Cheryl wanted to share how Asher has touched her ministry for the past 20+ years. In 2005, Asher spoke at a conference and shared the identity message of nations and how the message of the Gospel for personal salvation is well known in the West. And how Israel knows the identity that they are a Nation of redemption as their God's Chosen people. However, they are unaware of the a personal salvation needed for Jewish people. America is unaware of a national identity from GOD and other nations of the world. Every neighborhood, city, state, and nation has a divine purpose to fulfill, a God-given identity and the individuals in them! Asher's teaching has impacted Cheryl's ministry and those she mentored. Asher, his wife, and partners welcomed us for almost two hours with fantastic hospitality and blessed our assignment to pray over the borders of Israel and blessed us personally! We provided the ministry with a substantial financial blessing to assist with their fantastic mission. What an outstanding time of building each other up in the Lord. ###

TMM Times Issue 01, FALL 2023

Blessings to our New Jewish Friends,

We were so blessed to provide gifts/tips for our guide Drora, Tom, Drora's son, driver McMuad, and Military Mottie, our Mt Hermon guide for a day. One member discovered that Tom wanted a specific rescue toy, and she provided funds to purchase it. We also secured a sales clerk to spy for us and find out what kind of necklace our guide would enjoy. We prayed blessings over the beautiful pendant and chain and gave it along with a tip for her 12 days with us. Drora and Her family were moving from Eilat to outside Jerusalem as we left. She has been a tour guide for 30 years along, with her husband, and she has a master's in physical therapy, which she used during the COVID-19 drought of tourism. So glad to have new friends!
