

North Dakota

North Dakota Prayer Focus: Motto: "Liberty & Union, Now & Forever; One and Inseparable"

Prophetic Meaning of North Dakota: The Faith and New Wineskin State:

Dutch Sheets and Chuck Pierce Prophetic Decrees over North Dakota; I am going to heal North Dakota; there are signs and wonders coming. Call forth the physical and spiritual fruit of North Dakota and declare it will be brought into the storehouse of the Lord. Joy and unity will be seen in this land!" Pray for a new level of unity that will cause North Dakota to rise up in faith and become a sharp, threshing instrument.

Lord, I believe you want to turn the Dakotas into a stronghold of righteousness. You are going to heal these reservations, you are going to heal the land, you are going to break off every curse, you are going to transform that which Satan has come and trampled down and belittled, and disparaged, and made a place that where it should be a place from which you rule, he has turned it into something that has been trampled under feet; but you are going to set up a throne here, a stronghold of righteousness. And you are going to rule from here. It is going to be known that God lives in the Dakotas. It is going to be known that they are a place where intimacy with God is enjoyed. It is going to be known that God, the Most High God, lives here. And that He is the Possessor of all the Earth. So, we just want to decree right now that God owns North and South Dakota. He owns the Dakotas.

There's a war over this place. And the Lord is saying, It's mine. These Hills are mine; the wealth is mine; these mountains are mine. It's all mine. Now you have come along, and you've beaten down people, and you've made it a stronghold of demonic powers through covenant breaking and shedding of innocent blood, idolatry, but I am going to tell you right now, I'm going to establish it again as My Stronghold and I am going to make it a conspicuous place of My Presence.

And I would say to you, I am bringing a reversal in this state, sayeth the Lord. I am going to begin to cause amongst you, someone to rise up and I am going to bring them into the ultimate leadership of this state. For you have come close to breakthrough, but you have not broken through. And I say even tonight, I am setting the course for breakthrough, sayeth the Lord. I say I am going to be exalting one who not only will govern this state, but from the governments of this state, I say you will begin to rule a nation, sayeth the Lord. So I would say to you, even in the midst of this state, there will come one who will legislate this land, sayeth the Lord.

And I would say to you, I am going to go into the low place of this state, and even bring a surprise move of myself. I say from the low place of this state, from the low place of this state, I will begin to cause the movement of my presence to begin to move outward into the state, and from in the state, it will move into this particular land and affect this nation. I say I will go into Pine Ridge and I will begin to move in an unexpected, surprising way. I say I will draw the eyes of this nation into Pine Ridge, sayeth the Lord.

For the eye of the enemy has been watching from this state to control a nation, sayeth the Lord. But I would say to you, even tonight, my eye has come down upon this state, and I am now watching this state and I am watching the enemy in this state, sayeth the Lord. I say, no longer will that which has been working, that which has been hidden, be able to hide from me, sayeth the Lord. I would say to you, now is the time that I will begin to cause My pavement, the pavement for My throne, to arise within this state. I say there will be three cities in this state that will experience a great move of my spirit, and from the move of my spirit, it will be seen and heard throughout this entire land. I would say to you, not any would have thought I would have watched after South Dakota, but I say My eye is upon you and from this place the nation will begin to be legislated, sayeth the Lord.

We decree that the Dakotas are places where the cross of Jesus is manifested. We declare the shed blood of Jesus now. The power of the cross is invading South Dakota, North Dakota, and that every stronghold of giants is going to be saturated with the cleansing, healing power of the blood of Jesus that was shed in Jerusalem, that used to be a stronghold of giants, that was a down-trodden place, where giants ruled and later ultimately became the place where all the sin of all the earth of all of eternity was washed away. We say that the Dakotas are going to picture that. They are going to picture a place where the strong man was torn down, and the strongholds of darkness were destroyed, and the very power to transform became so conspicuous and so obvious that God began to rule there, and it became a stronghold of life for America.

Lord, I decree, and we declare, in the name of Jesus, that the spirit of leviathan that has controlled, manipulated, distorted, taken truth and deceived with it, and strangled the moves of God, we just declare, based on your word tonight, that that spirit is being exposed and dealt with, and no longer will that spirit rule this land. It has said the Lord is not coming in, it has said, David is not coming in, it has said The rule of God is not coming into this state, but we say, that according to the word of God and now the prophetic word of the Lord, that spirit is being driven out of this state, that it will no longer rule, and it will no longer have influence over the people of God, it will no longer control, it will no longer defile the land.

And I would say even though leviathan has twisted and changed and even caused words to come from this state and this land that would send the nation in a wrong way, I would say to you, I will break the power of leviathan in this state, sayeth the Lord.

Prayer Points for North Dakota:

State Leaders and Intercessors are crying out for revival in their schools. Continue to give the creativity and energy to the youth leaders in Youth for Christ and youth groups across our state as they show and teach Christ to kids. We praise You for the kids that came to You, give them a desire to continue to grow in their faith.

5% of the residents of North Dakota are Native Americans and suffer tremendous poverty and lack.

Biden cancelled the Keystone Pipeline his first day in office. As a result, many North Dakota workers lost their lucrative jobs and now all of America is paying much higher energy costs.

North Dakota is a Republican led state that has been embattled with economic challenges

North Dakota: Capital is Bismarck

North Dakota leads the nation in production of spring wheat, durum wheat, dry edible peas, dry edible beans, honey, flaxseed and canola.

North Dakota is the No. 1 producer of honey in the nation

39.1 million acres — nearly 90% of North Dakota's land area — is in farms and ranches.
