Prophetic Declaration for the State: The First Shall Be Last - a Governmental Shift State

Prophecies for Pennsylvania by Apostles Chuck Pierce, Dutch Sheets and others

The First Shall Be Last--A governmental Shift State. The prophetic word indicates that Pennsylvania is truly the Keystone State. A keystone is the block that hold all the other blocks of an arch in place. This state will play a role in helping the nation come into alignment spiritually and the they will set the pace in governmental praying and declaration. The greater agreement in their prayers, the greater the power in prayers. Chuck Pierce said that there will be a "grass roots movement." He said there would eventually be seven key centers for worship that will cut off the head of the enemy in the state. In Pennsylvania's history they have been plagued with injustice and racism. Hate groups such as KKK have set up residence there. The Lord desires for Pennsylvania to be the state of brotherly love. Pray against Freemasonry, Wicca and other aspects of witchcraft. We decree that Pennsylvania is a state filled with Christ's love!

As a native of Pennsylvania of many generations, I love this beautiful state that has been hijacked by the liberals. My grandfather ran for Senator at one point and he loved to give us current events and political questions daily. He was very conservative but also a Mason. Fortunately, he received Christ before his death and no masonic influences were included in his funeral. As an ancestor of one in Freemasonry, breaking and delivering generations from this curse is critical and one I've taken on for my family and relatives.

Prayer Points for Pennsylvania:

1. Restore the State as the site of the Declaration of Independence from Britain and where we find The Liberty Bell
2. Because it is a First Symbol for America, the state has been in a massive War by the Liberals and the Global State. It has been hijacked in many ways. An example is the election results from 2020 when Trump was winning by a landslide at midnight but the

election results by 3 AM had changed in his competitors favor. In that election, no Republicans were allowed by monitor and provide oversight of the ballots in violation of the law. Another example is the recent Senate election where the winning candidate was recovering from a stroke and had mainstream media coverup.

3. Philadelphia is the largest city in the State. In a 2022 poll by The Pew Charitable Trusts, 70% of residents in the city cited the combination of crime, drugs, and public safety as the biggest issue facing the city. At the center of this challenge is gun violence, which rose throughout the country in 2021, with Philadelphia alone reporting 2,326 shootings that year and over 500 murders in 2022.
4. Pray for a Revival of Prayer to shift the state. I was born in Western Pennsylvania which is a night and day difference in the spiritual environment from Eastern Pennsylvania.
5. Pray for Righteous Leaders to desire to Shift the State for the Glory of God and Re-establish Righteousness in every area of the 7 mountains.
6. The Lord is Revealing the Classified documents that Biden had in this Biden Center at The University of Pennsylvania. As a former VP at the time, he had no clearance to have classified documents at all. They can only be read at a SKIF. We've also learned of the millions of dollars that China gave to the Bidens through the Biden Center.
7. Pray for all to be revealed in God's perfect timing to reclaim the state.

Pennsylvania Capitol: Harrisburg, Pennsylvania. The State Motto is: "Virtue, Liberty and Independence"

The original capital was Philadelphia, but was moved to Harrisburg in 1812.

One of the original 13 colonies, the state was founded by William Penn as a refuge for fellow Quakers. You will also find large Amish groups in Pennsylvania, and we know from our Moravian Falls Retreat the Moravians also had a large influence and prayer movement in the state as well. So, there is great revival fire and heritage in the state.
