

South Dakota

South Dakota is also known as the Mount Rushmore State. It's State Motto is: "Under God, the people rule."

The Stronghold State: "I would say to you, not many would have thought I would have watched after South Dakota; but I say, My Eye is upon you and from this place the nation will begin to be legislated." Pray South Dakota is increasingly in a place of usefulness to God for His purposes nationally - that they would move into a place of strategic national influence.

Dutch Sheets said, "There are giants in South Dakota, but God is going to transform this region that is belittled, trodden down, and disparaged, and make it a Hebron--a place of friendship--north and south friendship with God." South Dakota is going to become conspicuous because of the presence of the Lord.

Pray for the establishment of sacred covenants in South Dakota, for the networking of networks already there, for strategic partnerships to form, for the restoration of covenant relationships with Native Americans here. Chuck Pierce said, "It is amazing that South Dakota, one of the least populous states in our nation, has one of the greatest voices in our nation". Pray that South Dakota is increasingly in a place of usefulness to God for His purposes nationally--that they would move out into a place of strategic national influence. Pray that the spirit of religion in this state will be exposed, disarmed and bound. Pray for number of key leaders and churches in key places to break out and join God in reaching this region.

Cindy Jacobs released a word over North and South Dakota Prophecy in January 2022.

"And the Lord says to North and South Dakota, "I am marrying you and am bringing you together as one. And I am going to move by My Spirit". And the Lord says, "I am going to raise up many prophets from North and South Dakota, for there is a prophetic gift in those states that has been pushed down. And I am getting ready to release the Spirit of Prophecy and the Word of the Lord will come", says the Lord. And the Lord says, "There are treasures of darkness that I have been holding underground for this hour. And I'm going to release this Cyrus anointing upon both North and South Dakota. And there's going to be an anointing to break asunder the gates of brass and the bars of iron. Isaiah 45 is for these two states", says the Lord.

And the Lord says, "Oh, the revival is going to come in an unusual place. It's going to come in the business sector. I'm going to bring a great, great revival in the business sector." And the Lord says, "Then it's going to move into every institution." The Lord says, "There will be a revival in the mines, even like they had in the Welsh Revival. I'm going to visit the miners." The Lord says, "My Holy Spirit is going to go underground and there is going to be released.... it's going to be like a volcano."

Cindy says, "I can see what's in this underground mine and Satan thought he would take over those mines."

But the Lord says, "I'm going to release gold."

Prayer Points:

- 1, That the Lord would be with the GOP Governor Kristi Noem and the Legislature to continue fighting for Truth, Freedom and the Citizens of their state and America.
2. Pray that the mines and resources in the state be revealed to bring a Wealth Transfer to the residents
3. Continue to pray for the 9 First Nation reservations in the state. The Tribes of South Dakota include Cheyenne River, Crow Creek, Flandrea, Lower Brule, Oglala, Rosebud, Sisseton, Wahpeton, and Standing Rock.
4. The Biden EPA and restrictions on Oil and Fracking have hit this state extremely hard. The cancellation of the Keystone Pipeline has cost thousands of jobs, bankrupting some businesses.
5. Lift up the many apostolic prophetic groups that are establishing 24/7 prayer for their state
6. The suicide, drugs and mental health needs
7. The state recently passed a School Choice bill to give parents the choice in selecting what education is best for their children. Give wisdom to each parent in choosing a school that best enables their children

South Dakota's capital is Pierre.

What is now South Dakota was among the northern Plains land claimed by the French and sold to the U.S. in the 1803 Louisiana Purchase.

This is one of a few states that the legislature requires a Balanced Budget.

8.4% of the state are Native Americans.

Gutzon Borglum began sculpting Mount Rushmore National Memorial in 1927. He planned to carve George Washington, Thomas Jefferson, Abraham Lincoln and Theodore Roosevelt from head to waist, but died in 1941 before completion. With his death and impending American involvement in World War II, the memorial was declared completed.

In 1980 – more than a century after the U.S. broke the Treaty of Fort Laramie and seized Sioux land – the Supreme Court ruled that the government had taken the land illegally and awarded \$120.5 million to the Lakota Sioux, who refused to accept payment and instead demanded the territory be returned.

Today, agriculture generates 20 percent of the state's economic activity. Other main industries include bioscience, business and professional services, outdoor recreation and oil and gas production. South Dakota also has a growing tourism industry, with Mount Rushmore and the Badlands National Park among visitor favorites.
