

Texas

Prophetic Declaration: The Prophetic State

Dutch Sheets declared, "I say there is governmental anointing on the state of Texas--on the Church of Texas--to rise up in her position in heavenly places and begin to legislate and begin to affect, to begin to release the government of God that changes the government of man." He began to prophesy, "Watch for the bridges that begin to fall...These will become signs to you. For bridges will be coming down so that I can reroute what I need to do at this time. There is strength in this state to turn the battle at the gate. Allow your strength to rise up...The heavens are opening and the revelation is beginning to pour out."

The gathering of the Texas State Meeting was powerful. Jay Swallow, a Native apostolic leader, led a restoration process by reconciling issues concerning the Host People of the land. Then they moved from the Host People of the land to reconciliation between Hispanics and Anglos. In San Antonio cultures have clashed and many breaches have occurred which gave them a need to identify with past sins and problems. Much reconciliation occurred concerning the Hispanic issue and the leaders of that ethnic group took their prophetic apostolic place in our nation.

We, the state of Texas, where it has been prophesied, "that from Texas a nation was birthed, a nation went to war, and a nation had the victory," decree over this nation the end of "the experiment" in the government of America, for this is a kairos moment for the Government of God in our nation to be established. From the Governmental Gate state of Georgia, the Ekklesia of Texas, whose strength it is to turn the battle at the gates, decree over the Ekklesia of America, "Arise! Sound your shofar at the gates as we release the Government of God that changes the government of man."

TEXAS THIS IS YOUR HOUR OF MAGNIFICATION & AMPLIFICATION!

I was worshipping when I saw a very clear vision of a map of the state of Texas and the Lord was hovering a magnifying glass over it. I felt instantly that He was brooding over its birthing of something significant and mighty He has always seen that this state would bring forth.

What I was drawn to right away was that Gods magnifying glass was ENLARGING and MAGNIFYING what He was doing - causing the world to look and see something that shouldn't be hidden. It was too precious to Him and He wanted it seen. It has always been said that "everything is bigger in Texas" yet

what God is doing there is even beyond what we can comprehend. There is a move of the spirit that is going to erupt here that will be a sign and a wonder to the world.

THE PURE REMNANT

The magnifying glass was also looking to and fro over the state for fruit from the remnant He has been raising up in this season that were pure and not sold out to the religious spirit that has long tried to choke the life from the move of the spirit in Texas.

God was checking to see if they had been stewarding what He had given them to determine the timing of an outpouring that would be a game changer for the state. This remnant were not just in the church but God had raised them up in the business world, media, sports and politics.

Prophets and apostles will arise from this state in the days to come that will be PILLARS of strength for the nations. Trustworthy builders and visionaries that would speak into the hearts of kings and governments. "For I have given this state KEYS of authority" says the Lord!

MIGRATION FOR HABITATION

God was speaking to me about this remnant He was so proud of in this state that comprised of those born there who have a burning longing in them to see revival touch their region but also those God had called to Texas for the same purpose. God showed me that they would be restorers and builders of the new but they would also be watchmen and cultivators of revival that would start in small pockets then sweep out over the nation. Many more are going to move to Texas to be positioned for impact in the days to come.

HERITAGE UNEARTHED

My eyes were drawn to the Dallas/ Fort-worth area and I sensed that these cities have been called to be a hub of revival. A convergence place for many different streams and expressions to converge and unite. We have seen some measure of that but now it's time for unity I heard the Lord say. "I'm looking for dwelling places that would simply host my presence". These dwelling places became pools of Glory that were unveiling and unearthing the heritage of the land. The prophetic words and intercession over the state for hundreds of years were beginning to stir. We will see the fulfillment of many of them in the days to come.

THE TRUMPET CALL

Then I saw an angel blasting a trumpet over the state as a declaration of the fullness of time. It was a "golden bowl" pouring moment where the call was going out over the land as a declaration that we were about to see heaven poured out. But I kept being drawn to the angel I saw with the trumpet and was curious if Texas had any monuments or statues like what I saw - then I found it. As in "exactly" what I saw.

In Fort-worth there is a performance hall called the Bass Performance Hall which hosts theatre, shows, and music performances. At the entrance to the hall there stand two 48-foot angels blowing trumpets! The Lord began to speak to me that he is calling the church together as one. It was a call to pray, to

intercede, and raise their voices in this historic and important time. The trumpet call was the ushering in of a new day and a sound.

A RAW CRY

God is raising up this NEW SOUND in this state that would carry both a healing balm to the nations and a war-cry. It would bring both deliverance and freedom and ignite corporate encounters around the world. It would be both the soundtrack to revival in stadiums, and melodies to break down walls to people broken in the streets. It was a raw cry of a people longing for their God, and the raw response back from a Father longing to embrace His children. But others have forfeited the raw cry in exchange for the polished sound but in this hour God is giving songs to those who seek him above all else. Above popularity, influence, and song statistics. These songs would be birthed in the caves but eventually released from the mountain tops.

God raise up your warriors, your new sound in laid down vessels. Your raw cry and song of freedom they carry!

THE WRESTLE OF WINESKINS

I kept seeing two conflicting expressions that were causing much confusion and chaos. It was the old wineskin and the new and this state was currently in a wrestle for the title. It wasn't necessarily an overtly negative conflict but it was a tension between the traditional paradigm of the church and the new wineskin God was pouring fresh wine into right now. I felt that God was bringing things to the surface and addressing outdated methods while also calling those who see the new blueprint to come alongside those ministries and churches struggling to break out. Honor was needed. Process was needed but ultimately love will win. This conflict will not be a hindrance to revival in Jesus name!

PIONEERING STATE

As a commission I felt the Lord saying that he had mantled his remnant in this state with an unique ability to pioneer creatively. I saw books from heaven given to the state as well as maps and guides for new roads. God is pouring out an effortless ease and flow of revelation to Texans to lead the way and keep forging new paths.

So, Texas, we say YES to your destiny in the earth and we celebrate all that God is doing and saying over you right now. Let it be Lord, in Jesus' name!

"Listen to Me, O house of Jacob, and all the remnant of the house of Israel, who have been upheld by Me from birth, Who have been carried from the womb: I have spoken it; I will also bring it to pass. I have purposed it; I will also do it" Isaiah 46:3,11

Prayer Focus Points:

- 1, Texas has been overwhelmed with Border Crossings of Illegal Aliens and our entire state has paid the price. From crime, drugs, housing, medical and schooling costs it's over \$10 Billion a year.
2. Our schools have declined sharply due to educational Woke mentality causing many Texans to take their children out of public schools in favor of Home Schooling.

3. Texas has also had many Californians and other states move here which has given us more congressional seats. In fact, Texas is now a Silicon Hub with Tesla, Oracle, and other California companies moving their headquarters here due to no state tax and other taxing policies.
4. Texas has very liberal large cities such as Dallas, Austin, Houston and San Antonio which has caused many police officers to retire early or move.
5. The Homeless population has also increased significantly due to our seasonally good weather.
6. The 3rd Great Awakening in Asbury has spread to many college campuses. Bethel Austin, Texas A&M, North Texas and others. There is a great hunger and thirst for the spirit of God to move and change lives. In fact, the Discipleship Pastor at my church who is spirit filled moved his family from New York and is creating a burning desire for Jesus in all age groups. Middle School, High School, College and Adults.
7. Continue to pray for the many awesome Prophetic Leader such as Chuck Pierce, Cindy Jacobs, Lance Wallnau, the Copelands and the Flashpoint Army.

Texas: Also known as the Lone Star State, Motto: Friendship, State Capital is in Austin, Texas. The name Texas originated from the word taysha, which means "friends" in the Caddo (Native American) language

The state's nickname the "Lone Star State" comes from the fact that it was once an independent country with its own single star flag. The lone star flag adopted by the Republic of Texas in 1839 became the flag of the lone star state when Texas became part of the United States in 1845

The State is largely a Republican state. The Governor, 2 Senators and most of the legislature and Congressmen

Texas is the 2nd most populous and the 2nd most extensive of the 50 states of the United States. It has the second-largest group of fortune 500 companies in the U.S.

The Texas Rangers is the oldest statewide law enforcement agency in the U.S. It was established in 1823.
