Prophetic Decrees over Utah: The Worship State

Chuck Pierce prophesied that a different sound would come from Utah that would penetrate the entire nation. He gave them direction to begin having corporate worship services where they would "ascend in worship and descend in warfare." He prophesied that the worship services would gradually increase from one hour to twelve hours and that it would release the sound coming forth and break through the veil. However, it was difficult to coordinate them among the churches. Pray that the Lord would remove the barriers keeping them from having unified corporate citywide and statewide worship events. There have been many wonderful prophesies spoken over Utah for which they know are true and are thankful for.

Here are the battles they face and desire intercession for: 1. Seductive and divisive spirits, designed to draw people away from the truth and keep them from revelation. 2. Masonic and Mormon foundations in fertility cult spirits; oppression of women and the demonic exaltation of men. 3. Barrenness and untapped productivity in women--held in check by demonic forces and curses pronounced over them on a daily basis. 4. Being strong and courageous--to challenge and undo the works of the enemy and the ignorance of believers who cannot see. 5. Please pray that they will walk joyfully in the blessings God has given them and walk victoriously through the battles!

Ed Watts: I have a strong prophetic sense that the city of St. George has great spiritual significance concerning the prophetic destiny of Utah manifesting. The first Mormon temple built in Utah was in St George, not Salt Lake City. I believe this was not a random or practical decision but a very strategic placement spiritually. Every time I walk in St George, I feel "Breakthrough", the spirit of revival. My prophetic sense is that St George carries a strong breaker anointing for the rest of Utah to breakthrough and NOW is the time to summon the remnant to the key gates of Utah to worship and release breakthrough.

Ed discovered several years ago that he had a Mormon family curse so he has spent much time taking dominion and breaking chains of false religion in Utah
