

Wisconsin

Motto: Forward

Nickname: The Badger State

Prophetic Decrees over Wisconsin

Chuck Pierce gave a word concerning Wisconsin.

1. There is a strong religious spirit linked with Freemasonry. There is covenant agreement through this spirit to stop the appropriation of the blood of Jesus in Wisconsin.
2. God desires to bring forth something new. They are called to be a shield of defense to this land, and if they move forward, it will expose the plans of the enemy.
3. There is a fountain in place in Wisconsin, but it is corked up. When the cork is removed, there will be 12 flowing streams coming out of the fountain. Water is going to flow across this state!

Dutch Sheets prophesied,

"Wisconsin is My River State." God is trying to release the river. Satan brings in a religious spirit to stop God's river from flowing. When God's River starts to flow, it will undo the religious spirit. In the church there is a spirit of unbelief that says, 'God cannot change things suddenly.' A shift in the heavenlies brings a change. God wants to bring a fresh flow of revelation for the people of Wisconsin through dreams, visions and the prophetic. Light is coming! Intellect stops the free flow of revelation. The River frees it. A wave of the miraculous is coming to Wisconsin and a harvest with many fish! But there is a spirit of unbelief rooted in the religious spirit. Choose to take God outside the walls of the Church and break the religious spirit. Out of the Wisconsin womb shall flow rivers of water.

God will move from the center of Wisconsin to the east, then south, then north then west.

God wants to bring a fresh flow of revelation to the people of Wisconsin through dreams, visions and the prophetic and I'm going to cause you to overthrow corruption not only in your state, but many other states

Prayer Points for Wisconsin:

Decree the Preamble of the State of Wisconsin: "We, the people of Wisconsin, grateful to Almighty God Wisconsin, we declare, 'Forward,' over you. And the Lord says, 'I am going to bring the State of Wisconsin up and out. You are going "RED" Wisconsin! You will stand tall Wisconsin.

Wisconsin is home of a unbelief spread by the Liberal colleges in the state. Pray for a Holy Ghost revival in every campus to turn the hearts of the children back to the Lord and break strongholds that hold them captive.

There are 2 colleges of note. One is Hillsdale College and the other is Shepherd's College. Hillsdale was the first American college to prohibit in its charter any discrimination based on race, religion, or sex, and became an early force for the abolition of slavery. Shepherd's college is a fully accredited, post-secondary program designed specifically for students with intellectual or developmental disabilities. Throughout the three-year program, we will help equip you to reach Appropriate Independence through the development of vocational, social, and life skills. My best friend from high school and college has a daughter with down's syndrome who is in her final year and excited about being independent and working.

Wisconsin is a very divided state with much political corruption and discord. Pray for this stronghold to be broken by the spirit of God.

Wisconsin State Overview: Capital is Madison, Motto: The Badger State, Prophetic Declaration: The River State

Wisconsin is home to a major archaeological find: 14,500-year-old mammoth bones with human-made tool marks, suggesting that people have lived in the Western Hemisphere longer than experts had previously believed. Native American tribes formed over thousands of years after the mammoth hunters arrived. These groups included the Dakota Sioux, Winnebago, Menominee, Ojibwe, Potawatomi, Fox, and Sauk. Eleven Native American tribes still live in Wisconsin today.

Shortly before the Civil War, people met in Wisconsin to discuss stopping the spread of slavery, which resulted in the creation of the Republican Party. (The Democratic Party's roots go back to Thomas Jefferson's followers in 1792.) The state also became an important part of the Underground Railroad, which helped escaped slaves reach freedom in Canada.

Although Minnesota is called the Land of 10,000 Lakes, Wisconsin has more than 15,000!
