

Montana

Montana Prophetic Declaration: (Treasure State)

Montana: The Big Sky State, Motto: "Gold and silver", Capitol: Helena

When Chuck Pierce and Dutch Sheets were flying over Montana during their 50-state prayer assignment, they sensed a cleanness in the Spirit. "There is something here that is very pure. He is going to do something very unique". Pray that the Lord would continue to purify the hearts of the believers in Montana. Pray that the increase in the spiritual and the natural would come forth as a blessing to the nation and the nations of the world. Dutch prayed, "In the name of Jesus, we bind and remove from the Body of Christ that independent, self-sufficient spirit that undergirds all of the social structures. We release a dependence on God and valuing of all generations, races, cultures, and the gifts of the Spirit in others".

Dutch prophesied, "Treasures locked up in this state, both in the natural and in the Spirit, things that God from the beginning decreed for you and put in this state--you're just now coming into it. The Lord said, "I'm about to bring into alignment what I decreed about a long time ago for Montana. Pray that it be so in and with Montana, according to Your will. Awaken their destiny. Dutch decreed, "We call forth the wealth that will spring out of Montana --both physical and the spiritual. He prayed, "May it produce and yield all the Lord wants for His purposes. We bind the thief that comes to steal and destroy in the name of Jesus!"

In 2019, an apostolic prayer meeting was held by Chuck Pierce and Dutch Sheets. At that meeting, the following was seen in the spirit and proclaimed. Listen carefully, I am seeing something. And this ancient path Biblically. And the Lord was saying stand at the ancient path. I ask for the road. And what he saw was that this ancient path the keyhole formed. There was an opening. I am sending down 7 cylinders into America. I am sending down 7 cylinders and will send down arrows of fire. These fiery arrows will penetrate the earth and reconnect to my path of triumph across this land. Now this ancient path would go back to Mt Sinai Biblically.

So that it says to us in this nation, it would go back to the first place where covenant was made in this nation. And the Lord says, that is where the keyhole will open. And the Lord says when you go there and you decree, I will begin to reform the keyhole and bring down a re-covenant plan for the land. I say to you the first place of covenant, your Mt Sinai, is where I will start reconnecting the path of fire that will change the course of this land. I decree now that that place will be the place and the time where America starts shaking violently, moving violently, and the fiery path of God starts unlocking a Kingdom

move in this land that has never been unlocked before. It was planned but never unlocked. God says, I have mantled you.

I just want to say to the State of Montana you are one of those 7 keyholes that the Lord is getting ready to use to open up. The Lord is saying even now Billings, Montana, specifically Billings, Montana you will be one of the examples I use. You will be one of the 7 says the Lord. For the Lord is saying I am protecting you from attack says the Lord to the State of Montana. I am protecting you from attack from the north. The thing that is trying to come down from Canada, the Lord says it is stopped now says the Spirit of the Lord. The Lord says to you the State of Montana, my eye is on you.

Prayer Focus:

The Pure Atmosphere State: Pray the Lord continues to purify the hearts of the believers in this state; pray increase in the spiritual and the natural would break forth, coming forth as a blessing to the nation and the nations of the world.

Montana just got an additional congressional seat due to their population growth. My dear friend and old roommate who lives in Montana says the growth is from California, Oregon and Washington. This has caused significant inflation of housing costs and challenges for services to the residents.

Spiritual awakening across Montana to bring in the fullness of the Holy Spirit.

Montana Highlights: Montana is most famous for its natural beauty, diverse wildlife, and abundance of natural mineral resources. That is why it is called the "Treasure State". The Rocky Mountains and Yellowstone National Park are two of the state's most well-known features. Glacier National Park is the #1 tourist destination for its beauty.
