Pray and Fast

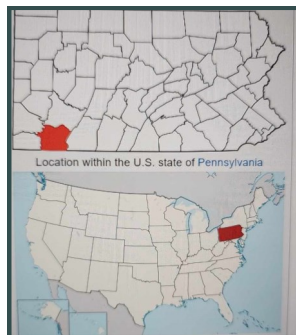

The Home Team is the PRAYER SHIELD over the Strike Team, using prayer, fasting, and finances to assist with this mission "AS ONE"! We are asking everyone to fast something for FIVE DAYS to cover the strike for Chicago (the 2000-year-old Balbo monument) and Ft Necessity, Farmington, PA.

Nissan 1, the first day of the Hebrew Calendar, the Jewish New Year, and God

Art by James Nesbit marks America (April 8th) with a second eclipse! The longest totality is 4:28. Eph 4:28 states: **LET THE THIEF STEAL NO LONGER!** Acts 4:28, *Do whatsoever thy hand has determined before.* The context here is that God determined two things: 1) to give up His Son to save sinners, and 2) To give up sinners to their own

TMM Strike-Force, Visits Ft Necessity on Passover

Wed. Prayer Call Unearths Global War Connections of Old & New

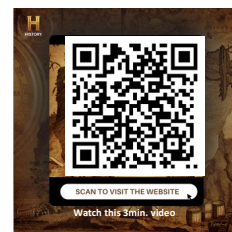

A Special Report by Chaplain Cheryl Weaver

Our Strikeforce Team is headed to Pennsylvania's Ft Necessity round fort over Passover (April 20-26). To go and pray over root issues and restore stolen birthrights affecting our nation today. In the 1600s, a small skirmish occurred in Farmington, PA, involving a bitter Indian Chief, a French diplomatic expedition, and a British 22 yr. Old George Washington. This opened the door to Washington's 1st battle and 1st and only (manipulated) surrender. This deception led to the beginning of many years of war and the birthing of America. The Skirmish led to the French and Indian War, which led to the Seven Year's War and then a Global War involving five continents: Europe, Central America, the Caribbean, West Africa, India, and the Philippines! Also, there is an ancient Babylonian tablet in PA! This article is to help reflect on the key issues to pray through as our team deals with individual root systems of sin on the land.

As we delve into the annals of history, we are confronted with the complex tapestry of colonization, its profound impact on indigenous peoples, and the trauma on our land. Let us embark on a journey of reflection and spiritual repentance, drawing lessons from the past to guide us toward a future of

justice and reconciliation.

- 1. Colonial Intrusions and Displacement:** From the arrival of European settlers in the 17th century to the subsequent conflicts and displacement of indigenous tribes like the Lenape, our history is marked by the painful legacy of colonial intrusion. We must acknowledge the injustices inflicted upon native peoples and strive to honor their ancestral lands and sovereignty.
- 2. Broken Treaties and Betrayal:** The history of broken treaties and betrayals between settlers and indigenous communities serves as a stark reminder of the devastating consequences of greed and exploitation. Let us repent for past betrayals and commit to upholding the sacredness of treaties and agreements with indigenous peoples.
- 3. Legacy of Resistance and Resilience:** Despite facing immense adversity, indigenous communities have demonstrated remarkable resilience and resistance throughout history. Their stories of survival and perseverance inspire us to stand in solidarity with marginalized communities and advocate for justice and equality.

The Apostolic-Prophetic Mandate Take Dominion!

TMM is an Apostolic -Prophetic Five-Fold Network of Reformers. An Army of seasoned new wine Kingdom Prayer Warriors and a tribe of Covenanted sisters and brothers. It's an *internationally commissioned tribe with a SALT mandate (Sea, Air, Land, and Time)*. We've "Taken Dominion" at hundreds of sites: businesses, churches, critical ports, borders, revival sites, original dedication sites and ancient hidden sites in America, such as the Egyptian Obelisk 1237 Cir. from Rameses II, Moses Brother in Central Park and the 3000 yr. old Phoenician Wabensee Stone in Chicago.

In our prayer and strategy sessions, we've "Taken Dominion" with the Courts of Heaven. It will be key in 2024 and beyond to marry the Dominion and the Court of Heaven directives to shift the nations. We know the Heavenly Strategy for the 3rd heaven is tied to the **air**. The **land** is where we have taken dominance. Still, there is a more profound significance that we are called to activate the mandates from the Lord's throne for **SALT** to align with his original intent to experience the breakthrough that we have warred for over many years.

The Lord began to show me the sub terrain of the earth and how its structure is locked; principalities reign depending on the sin on the land. *The land is key to the third great revival and apostolic-prophetic move of God.* Our words, our voice are powerful keys to breakthrough, I wanted to give you stats on sound. How well does sound travel? Sound travels at around 343 m/s in the air, while on the ground, it typically travels faster, at around 4,800 m/s. This is because the molecules that

sound waves travel through in the ground are more tightly packed, so they vibrate more easily, making sound move faster.

er. This gives new meaning and understanding to our decrees and declarations.

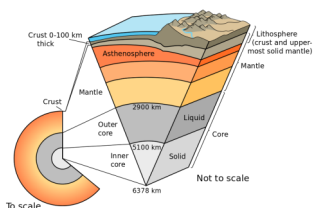

To understand Earth, you must travel 6,400 kilometers (3,977 miles) beneath our feet. Starting at the center, Earth is composed of four distinct layers. From deepest to shallowest, they are the inner core, outer core, mantle, and crust. No one has ever explored these layers in person except for the crust. The deepest humans have ever drilled is just over 12 kilometers (7.6 miles). And even that took 20 years! Note the layers, are much like the Holy of Holies with the inner and outer courts. The mantle (in geology) is the thick layer of the earth beneath its outer crust. The mantle is semi-solid and generally divided into an upper and lower mantle. Earth's thickest layer is close to 3,000 kilometers

(1,865 miles) thick. The asthenosphere (As-THEEN-oh-sfeer) forms a layer of partially melted rock geologists believe this weak, hot, slippery part of the mantle is what Earth's tectonic plates ride upon and slide across.

Diamonds are tiny pieces of the mantle we can touch. Most form at depths above 200 kilometers (124 miles). This uppermost part of the mantle layer and the crust is known as the lithosphere. However, rare "super-deep" diamonds may have formed below the surface as far down as 700 kilo meters (435 miles). It behaves more like the crust above it. This uppermost part of the mantle layer and the crust are known as the lithosphere.

I believe we are to combine our prayers and decrees of the prophetic mantle on each state, with the dominion mandate (the calling) of the earth's mantle God created for each city! Every city and nation has a God given purpose and destiny. **What's yours? ###**

Discovering the 'More' at There's More Ministries:

My Journey into True Biblical Ecclesia

Upon joining There's More Ministries, I did find the "more" that my heart was searching for:

First, I found a true biblical ecclesia, which consists of born-again, spirit-filled Christians who love God with all their hearts. They love and support one another in fulfilling their God-given destinies and accomplishing God's kingdom assignments to "see His kingdom come on earth as it is in heaven."

Second, I found a group that was focused on our Lord, hearing His heart, and carrying out each of His commands as He instructed us, all by His two primary commands, to go into all the world to 1) save souls (Mk 16:15-18) and 2) disciple nations (Mt 27:18-20). This is accomplished as Strike Force Teams pray and receive His direction and strategies for "Taking Dominion" in each area and then carry out such strategies, being willing to exercise radical, immediate, costly, obedience and to go into all the earth. Thereby, His Church will put all of His enemies under His feet.

I found a group where everyone's voice and gifts mattered and were welcomed and encouraged to grow. As a CPA, even my financial gifts were welcome: 1) to create the first-ever budget for this ministry and 2) to teach about kingdom finances and receive the offerings showing that

tithing enables God to "rebuke the devourer for your sakes so that he will not destroy the fruits of your ground (Mal 3:11). Use QR code Zeffy, to sow a seed in good ground.

4. **Spiritual Reflection:** In our journey of repentance, let us not forget the spiritual dimensions of our collective history. May we reflect on the guiding principles of love, compassion, and justice that transcend cultural divides and unite us as stewards of the Earth, via "Taking Dominion."
5. **Honoring Indigenous Wisdom:** As we seek to heal the wounds of the past, let us humble ourselves before the wisdom of indigenous traditions and governance structures. Their reverence for the land and commitment to mutual consent offer valuable lessons for building inclusive and equitable societies.
6. **Commitment to Reconciliation:** Our journey of repentance is incomplete without a steadfast commitment to reconciliation and healing. Let us engage in meaningful dialogue with all communities, acknowledging past injustices and working together toward a future of peace and understanding.
7. **Call to Action:** As we reflect on the lessons of history, let us heed the call to action. As an Apostolic-Prophetic strike force, we implore you to pray with us as we go from city to city, repenting to spare the land and heal this nation before devastation comes! Gen. 3 speaks of us "Taking Dominion" as the Ecclesia to govern the land we were given to steward.

Let us embark on this journey of reflection and repentance with open hearts and minds, honoring the resilience of indigenous peoples and committing to a future built on justice, reconciliation, and healing. If you have the heart to see God change your community, call TMM at 850-888-3222 to come and pray for your land! ### Cheryl Weaver

will so that even while they resist His will, they would fulfill it by crucifying the one who was destined to save all who believe! God is speaking loudly to our nation as the Eclipse crosses over seven US cities named Nineveh, described in Nahum as a city of bloodshed. Nineveh (related to "evil," the city founded by Nimrod) name is derived from the Goddess of Ishtar (Queen of Heaven). She controls weather (climate control) and sexuality (LGBTQ) and is known for stealing the "office" (Bring anything to mind)! Church in America, let us lead the way.
